WATER QUALITY CONTROL POLICY

SUBJECT: Water Quality Management Policy	EFFECTIVE: September 1, 2016	PAGES: 1
DEPARTMENT: All Staff	REVISED:	APPROVED BY: Administration

Water quality assurance in schools is important to the health of our employees and students. In accordance to the Deputy Minister's letter dated September 23, 2016. The following policy was established in accordance with the Fraser Health Authority (604-587-3828/ 604-527-4806).

1. Water testing to be completed every two years.
2. Take action to rectify problems in according with Fraser Health Authority.
3. Running drinking taps every morning for 2 minutes before the students enter the building. (classroom teachers to run taps in classrooms and administration to run taps in hallways and staffroom).
