

SUMMER CAMP 2024

This year we are excited to introduce some brand new activities and field trips that are sure to get the children moving, laughing and learning! As always we've also brought back our popular events like movie days and fun beach days that are a summer favorite. We know that Kids Club Summer Camp 2024 is going to be a blast!

While learning loss can be a concern for many families, our program integrates daily devotionals, circles, games and challenges with Math, English and Science, so that children will keep those skills strong throughout the summer!

Our certified, energetic and experienced staff are here to engage and connect with our campers through exciting, exploratory and hands-on themes and adventures while also ensuring their health, safety and well-being.
